Dear Yvonne

RE: YOUR HELP TO SCHOOLS IN THE EASTERN CAPE

We would like to take this opportunity to thank you for the beautiful relationship we have got with you and the help you have given to schools around Port Elizabeth. We are very excited about your idea of “adopting aids victims and street children” and putting them back in rural schools where they are under the parental guidance of their “own”.

The following projects are of uttermost concern to us, and therefore we dare you to take hands with us...for the sake of our pupils in the Eastern Cape...

1. Registration of Schools with the SARS under Section 18a & the NPO directorate
2. Training on effective Fundraising and Marketing, Project & Budget Management, Planning and Administration
3. The placing of care worker in Schools for Counseling, Nutrition and good health – maybe your retired nurse idea?
4. We have got a lot of grounds available around the schools where you can start your vegetable gardens for the parents – this will as you say: “Help prevent burglary at schools”

5. With your past experience we would appreciate your consultancy on raising funds for the building of sport grounds
6. We also agree with you that Arts and Culture needs to be uplifted with the youth
7. We pledge the use of our schools for community development during weekends etc.
8. We need sewing machines, Woodwork accessories, Domestic Science accessories, because the department can supply us with the necessary teachers.
9. We realize that if we are legally “set Up” to benefit the private sector, the public, companies and other legal sources, we can have governing bodies appointing needed teacher with donations.
10. We also need to take care of water and lights accounts and our school buildings.

Your discretion and careful guidance in above will be much appreciated. We know that you are capable of assisting in effective fundraising and would like to be of benefit to sponsors with the 5% tax deduction benefits, marketing of products, advertising of their companies, be a platform for mass buying power.

The premier has also heard about your vision and is very excited about our projects and sends his blessings and prayers.

We thank you for your kindness and assistance.

Yours truly

L.N. Jajula
